SUBJECT:

Itinerary of DD/A

1. We have only three thoughts in connection with the proposed trip for the DD/A as set forth in your memorandum of 23 May. We had previously suggested that while in [REDACTED] he talk to [REDACTED] who is generally familiar with the legal aspects of our problems. In this connection, [REDACTED] recently sent a memorandum to headquarters concerning some tax problems, stating that he felt no thought was being given to such matters. We would like to assure [REDACTED] that a great deal of thought has been given to this subject, and that we are completing our replies to his specific points and will forward them in the near future.

2. In [REDACTED] of this office has recently completed a short survey of [REDACTED] operations from a legal point of view at the request of [REDACTED]. A copy of his report is attached. It appears that [REDACTED] welcome legal advice on the fiscal and administrative problems, but not a counsel to the senior representative who would advise on legal aspects at all levels. It would be useful if the DD/A could satisfy himself as to what type of representation this office should have in that area.

3. In connection with the trip to [REDACTED] we have done some work back here on a [REDACTED] corporation to support the [REDACTED] of the communications establishment in [REDACTED]. We would appreciate a report on whether the device as established is working satisfactorily.
